

Model RPM-800-11-O/U is a fully-automated palletizing system that is versatile and cost effective that can build an accurate pallet at an average rate of *30 containers/min.* Robot Packaging has pre-engineered our systems to provide compact modules that are easy to setup and operate. We offer end of line palletizers that can be expanded and configured to handle an increase or change in production needs. RPM-800 can simultaneously palletize up to two production lines, and is designed to handle a broad range of products and slip/tie sheets without tool changes.

RPM-800-11-O/U

FEATURES:

- Motoman MPL-80 Robot
- DX-100 Robot Control Panel
- Vacuum Gripper
- Product Infeed Conveyor
- Over/Under Product Discharge Conveyor
- Safety Fencing w/Interlocks
- Safety Light Curtain
- Compact Footprint
- Plug & Play Design

OPTIONS:

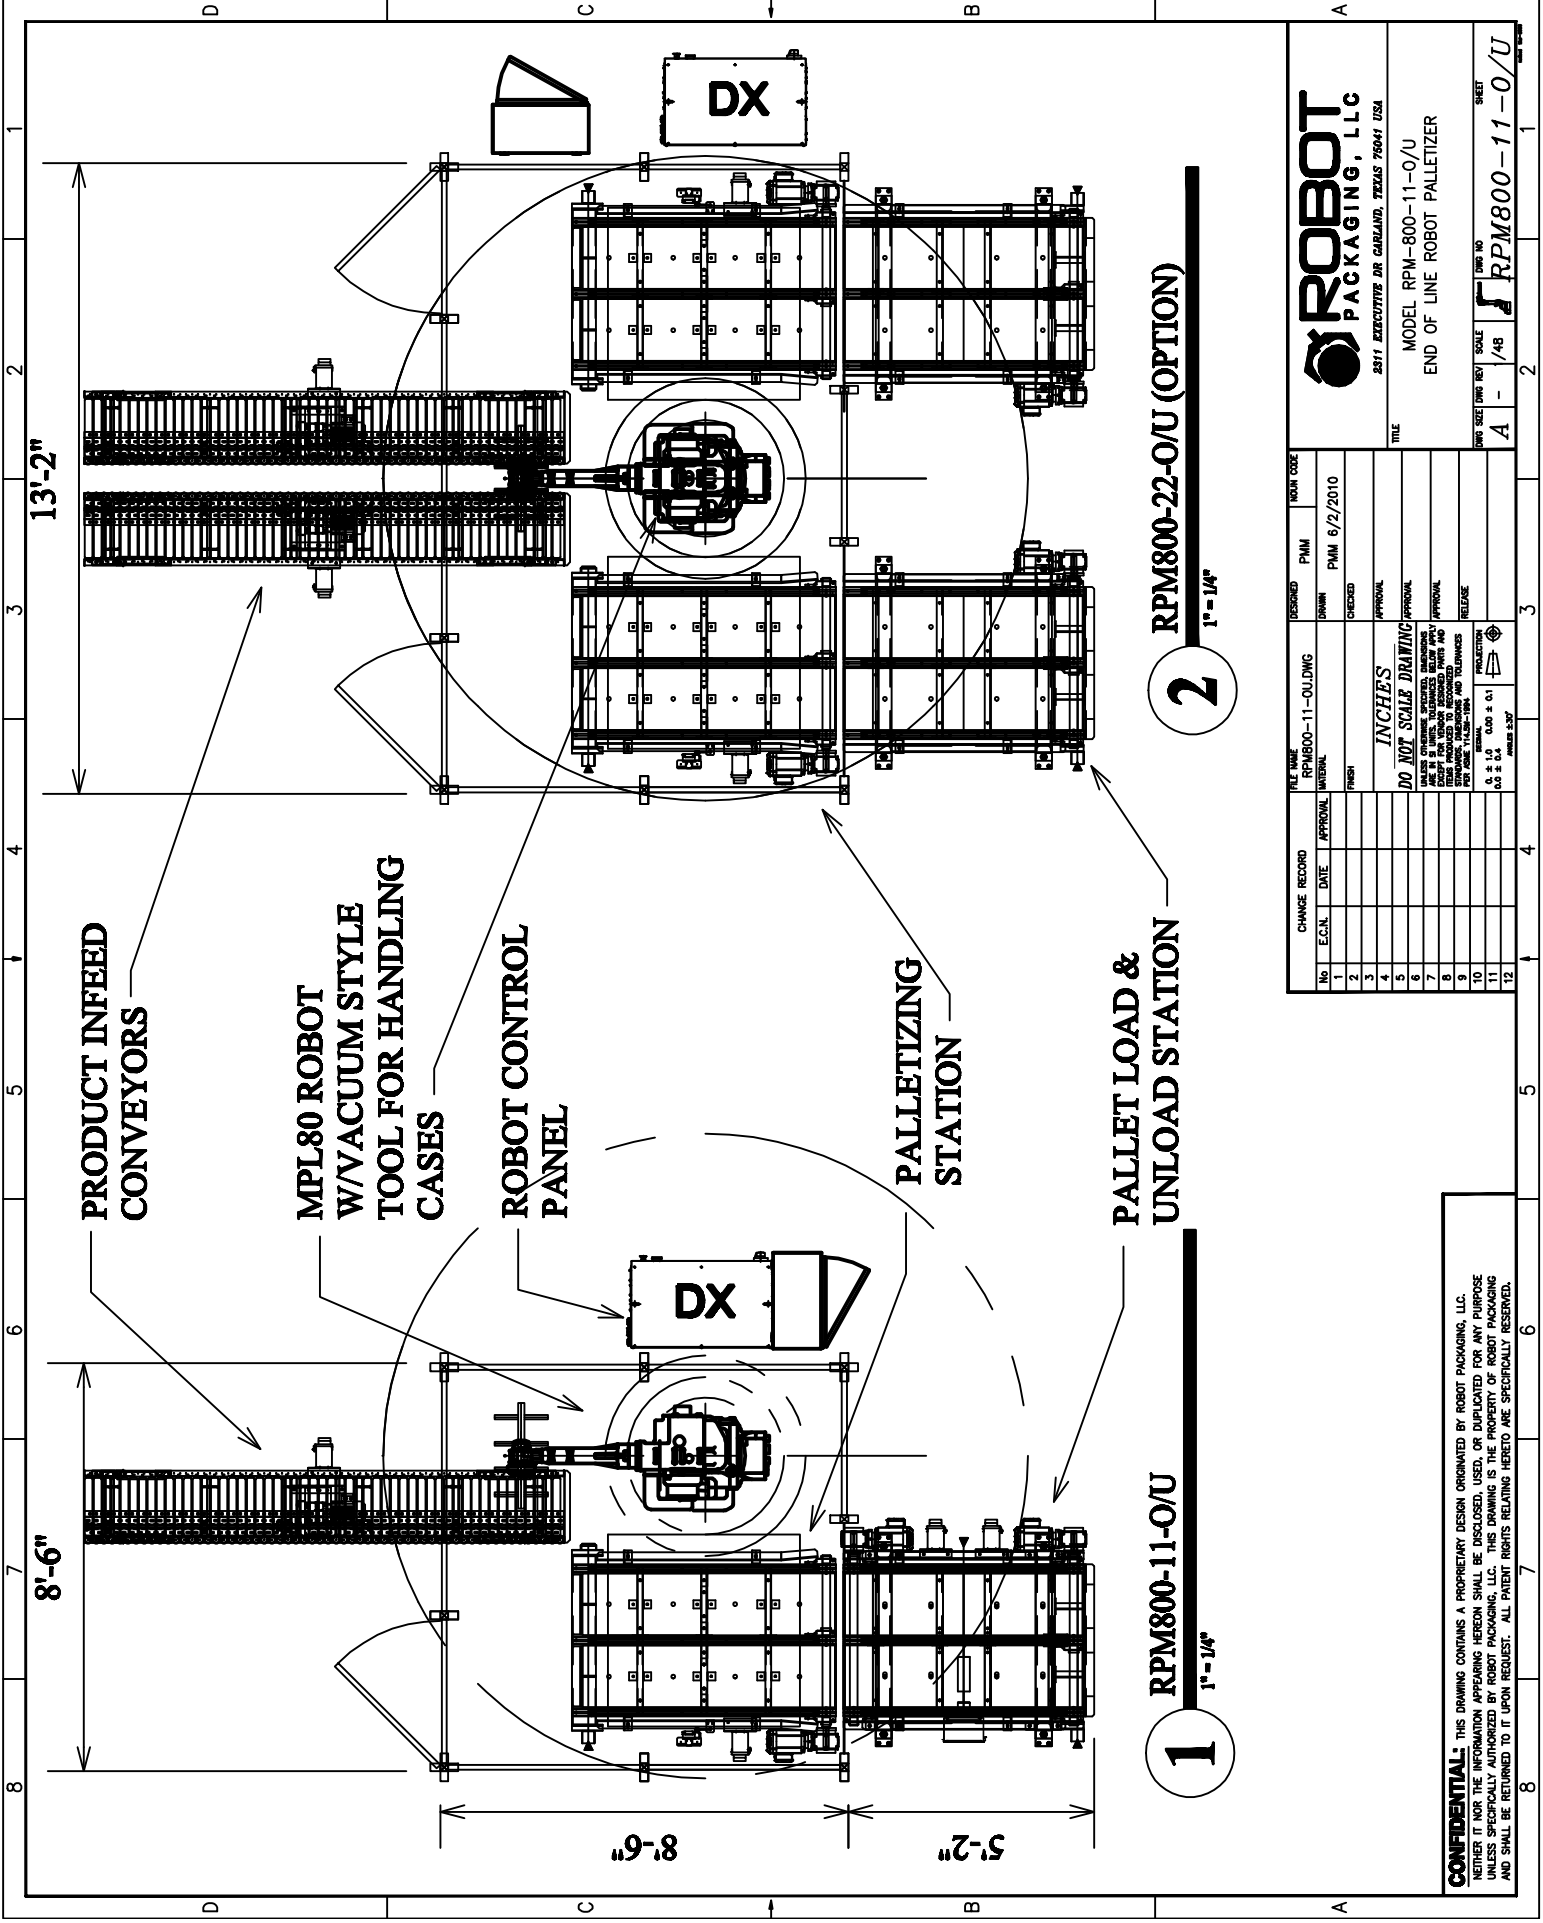

- Slip/Tiersheet Rack
- Up to 2 infeed & Outfeed Lines
- Upgrade to Zero Pressure Conveyor
- Automatic Pallet Dispenser
- Custom tool for handling Bags
- Automatic Stretch Wrappers
- Mechanical & Electrical Installation
